Not a word has been or can be said  
against the character of H. H. Hatch.  
His private and public career are alike  
creditable to him.

Every man engaged in business, and  
every man employed in any kind of oc-  
cupation, is interested in keeping con-  
gress in the hands of the republicans.

A democratic congress would bring de-  
pression in business and dull times for  
everybody.

If the Rosecommon Pioneer is any-  
thing it is a funny sheet. Its issue of  
the 19th ult. repudiated its republican-  
ism so far as to launch out in a column  
double-headed editorial in support of  
S. L. Carpenter, the democratic nomi-  
nee for State Senator, and its next is-  
sue "corrected" the error and gave  
Mr. Carpenter a like amount of per-  
sonal abuse, pronouncing him entirely  
unfit for the position. We feel toward  
the Pioneer as the old politician did  
toward parties whom he supposed he  
had bought body and soul to advance  
his interests, but who failed him at the  
last hour. He said: "I can have  
some respect for a man who makes a  
square sale of himself, but d—n a man  
who won't say sold."

The democrats have given up the  
Tenth district as too strongly Republi-  
can to assail. Not a democrat speaker  
has been sent to this county by the  
State committee, and only two outside  
democrat speakers have been within the  
district. Wilcox, of Pontiac, invaded  
the borders at Millington and Vassar,  
but meeting with a cold reception he  
returned home without filling all his  
appointments. Eugene Pringle made  
two or three speeches in the upper end  
of the district, but did not raise much  
of a breeze. Charles S. May was an-  
nounced as coming to Bay City, but  
remembering his former reception he  
turned back to Saginaw. The democ-  
ratic central committee does well to  
save its money for more hopeful dis-  
tricts. Free trade and opposition to  
tariffs are not popular in the Tenth district.

**W. A. MASTERS, P. M.**  
The following are the names of the  
jurors for the coming session of circuit  
court:

Andrew J. Love, Center Plains.  
Chas. Nichols, South Branch.  
Henry Hoffman, Groves.  
Peter Abil, Groves.

W. M. Sherman, Maple Forest.  
Wm. J. Wilcox, Center Plains.  
John H. Crego, Beaver Creek.  
George Scott, South Branch.  
John J. Higgins, Frederic.  
Jasper N. West, Groves.  
Edward Smith, South Branch.  
Geo. W. Knowles, Center Plains.  
Albert Atwood, Ball.  
L. W. Wight, Frederic.  
W. York, South Branch.  
Jasper Lench, Ball.  
E. W. Vandyne, Groves.  
Wm. Lutz, Ball.  
W. T. Lewis, Frederic.  
John E. Funch, Groves.  
Henry G. Dillenbeck, Frederic.  
Isadore Oach, Ball.  
George Pearson, South Branch.  
Henry Marvin, Beaver Creek.

Those who are in favor of having  
less lumber manufactured in northern  
Michigan, and are willing to see the  
blue tint standing to become the prey  
of the devouring flames, will vote for  
the democratic candidate for congress.  
Sending a democrat to congress from  
the Tenth district would strengthen  
the ranks of the free traders and if it  
gave them a majority, it would bring  
unhappiness upon the lumber market.  
For a democrat house would vote to  
admit lumber free trade from Canada  
and that would make the Michigan  
lumber trade dull. Vote for the re-  
publican candidate and protection.

Every voter who believes in protect-  
ing agricultural, mechanical, or any  
other sort of labor should cast his vote  
for the republican congressional candi-  
date, because his whole party is commit-  
ted to the protection of labor. Just as  
the democratic party is committed to  
free trade and the degradation of labor.  
In a democratic free trade house a  
"protectionist" democrat, if any such  
exists, would have about as much  
chance as a floating cockle shell in a  
gate of wind.

**MICHIGAN SALT IN NEW YORK  
STATE.**  
The following item is found in the  
Little Falls (N. Y.) Journal and Cur-  
rier:  
"If anyone had made the statement  
a few years ago that salt from Michi-  
gan would be used in Herkimer coun-  
ty, the great cheese and butter coun-  
ty of the country, he would have been  
considered a good subject for an in-  
sane asylum. Nevertheless, it is a fact  
that salt from the west is coming here,  
as we have noticed the arrival of Michi-  
gan salt. On investigation as to rea-  
sons for this new departure, I am in-  
formed the farmers, dairymen, etc.,  
prefer it to any other salt at an ad-  
vance price, on account of its superi-  
ority. On examination, I find it a very  
fine looking salt, good color, fine  
grained, and always loose—never cakes  
in the barrel, and good bright pack-  
ages.  
The live agent, Samuel C. Hough-  
ton, representing the general eastern  
agency of the salt association of Michi-  
gan, introduced C. W. Hammond,  
general agent, Buffalo, N. Y., to the  
salt here through Amos Keller and  
James Gage.  
We predict a big boom for this salt  
in Herkimer county, as it is certainly  
very fine, and such representative men  
as Nelson Garlick and Morgan Bidle-  
man, and a great many others, all of  
them among our solid and business-  
like farmers, have examined the salt  
and say they propose to use it.  
Herkimer county is a hot-bed for Sy-  
racuse salt, or in other words, Herki-  
mer county is a good field for Syracuse  
salt, and to get there Michigan salt is  
obliged to go through Syracuse via the  
New York Central railroad. There-  
fore Michigan salt costs considerably  
more than Syracuse, delivered at Lit-  
tle Falls, which shows it has merits.

The next issue of the Roseconmon Pioneer will be eagerly waited for by those who are anxious to know who Zehn supports. This will have to be his last swap before election.

O. Palmer, editor of the Grayling Avalanche and candidate for representative in the Iosco district; George H. Pond, of the Caro Citizen and Advertiser, and Fred Bushnell, of the Saginaw Courier, were welcome guests to The Tribune yesterday, Tuesday. —Bay City Tribune.

A young Frenchman, whose name we were unable to learn, who has been working in Mr. John Reichert's camp for about three weeks, was brought into town last Monday with a broken knee-cap and other quite severe injuries, received by a log rolling over him. He is under the care of Dr. Davis, and is reported doing well.

The Ladies' Aid Society will hold their this week's social at the residence of Mr. Thomas Woodfield, south side, Friday afternoon and evening. Refreshments will be served in the evening for the small sum of 10 cents each, and everybody is cordially invited to come and partake.

The voters of this county must bear in mind in voting for a prosecuting attorney that the duties of that office will be more this year than ever before. The new tax law of 1882 places a large amount of work on him and he must be competent to do that work. Suppose a heavy tax suit should be started, he then must conduct it on part of the county in chancery. A. H. Swarthout is perfectly qualified to do it.

### GROVE ITEMS.

The farmers of our town are busy finishing their fall's work. They have put in a good deal of wheat and rye, and there will be a big demand for a grist mill another year.

J. M. Smith threshed this year 78 bushels of buckwheat, 28 of wheat and 47 of rye.

The Funch brothers threshed over 100 bushels of winter wheat this year.

Buckwheat and potatoes are turning out well and most of the farmers will have a good supply.

Mr. Jacob Knehl has set his house over a good commodious cellar, and is building an addition.

Mr. and Mrs. Funch, of Livingston county, are visiting their daughter and sons at Henry Hartman's.

Mrs. Clark, who has been visiting her sister, Mrs. W. C. Johnson, returned to her home in Hillsdale county last Tuesday.

Hunters are having poor success in this town.

### WHO TO VOTE FOR.

Vote all the names on the Republican State ticket. There are none but good and true men on it. The administration of State affairs, for the past twenty-six years shows conclusively that no party but the Republican party should be in control. We are out of debt, with a large surplus of money in the treasury, and with the democratic party in power it would be vice versa—in debt and the treasury dry. Therefore vote the Republican ticket straight and peace and prosperity will continue to smile upon us.

Vote for Herschel H. Hatch for Representative in the Tenth Congressional district. A man pledged to the protection of all the products of industry in which the Tenth District abounds, he will serve us honestly, faithfully and well. It seems useless for us to say to the laboring men of this section to vote for Mr. Hatch, for they well know their interests are his interests, and as they wish for good wages they will surely not vote for Mr. Maxwell. Fellow workmen, do your duty at the polls on Tuesday next.

Vote for Freeman O. Gullifer for State Senator. A man of ability and large business experience, if elected he will serve the Twenty-Ninth district faithfully and well.

Vote for Dr. Oscar Palmer for Representative in the State Legislature. A gentleman of ripe business experience, a scholar, an indefatigable worker, and one who will prove ever true to the interests of this Iosco district. Probably no man could or can be found who takes a deeper interest in the advancement of this section of this section of country than Dr. Palmer.

A man of indomitable energy and pluck, possessed of good judgment in all things that should be, if ratified at the polls on Tuesday next, we venture to assert the voters of this district will never regret their choice. Give him a handsome majority.

Vote for Nathan H. Evans for Sheriff. Mr. Evans is an industrious farmer, an honest, sober, law-and-order man, and should, for the welfare of our city and county, be elected.

Vote for Orville J. Bell for County Clerk. A pioneer farmer, supervisor of Grove township for a number of years; honest, capable and industrious; temperate, obliging, there is no man more fit for the suffrage of the voters of Crawford county.

Vote for Lewis Jenson for County Treasurer. A young man of large business ability, a strictly first-class accountant, the books will be neatly and the money safely kept.

Vote for William Putnam for Register of Deeds. A man of unquestionable character and ability, and so well known to the inhabitants of Crawford county there is not the least shadow of doubt of his ratification at the polls on Tuesday next.

Vote for Arthur H. Swarthout for Prosecuting Attorney. A young man of fine attainments and fine legal business qualities; he will the position honestly, faithfully and well. Roll up his majority.

Vote for Main J. Connine for Circuit Court Commissioner. Although comparatively a stranger, from our acquaintance we have no hesitancy in saying he is the right man for the place.

Be sure and vote for Newell E. Brit for County Surveyor. A man of good judgment, long-legged and long-winded, a perfect operator with the "machine," we have no hesitancy in saying no man in Crawford county can "get away" with him. We prophesy Mr. Brit's election by a rousing majority.

Vote for Wm. H. Sherman and William Haynes for coroners. They will fill the position ably and well.

Vote on the constitutional amendment for increasing the salaries of circuit judges. If you believe they should receive more than \$1,500 per year for their services vote "Yes;" if you believe \$1,500 is enough to compensate them for the labor they perform, vote "No."

### RAILROAD ACCIDENT.

Yesterday afternoon on train No. 91, due at Gaylord at 3:07 p. m., was slackened speed at Bagley, a horse belonging to Harvey Mellen, which was running loose among the piles of boards, became frightened, and dashing out, jumped upon the railroad track just in front of the engine. It was done so suddenly and so near the engine that the train could not be stopped, nor could sufficient speed be added to throw the horse from the track. The engine and front trucks of the baggage car ran over it, ditching the former and wrecking it to the tune of about \$4,000. The engineer remained at his post like a man, and came out of the wreck with more love for the steel than for the horse. Fortunately no one was hurt, although the shaking-up was very general. The track was cleared an engine secured from Grayling, and the train went on to Mackinaw at 1 a. m. Wednesday morning. —Oscego Co. Herald.

### CRAWFORD COUNTY.

GRAYLING, Oct. 7. —Probably no section of the Union is being more rapidly settled than this and adjoining counties, at least not with so desirable a class of citizens. A large majority are from the southern and central portions of this State, a few from Ohio, New York and Pennsylvania, and but very few foreigners, and they are of the better class of Germans, all of whom are steady, industrious and thrifty. Until within the past three years but very little attention has been given to agriculture, but in that time there has been most wonderful development and the prospect is flattering to the husbandmen. The farming people of this county have more than doubled in the past two years, and the inflowing stream is constantly increasing.

The climate is all that can be desired, the soil exceedingly fertile, and of every variety from sand to clay, the water is as pure as any on earth, the health of the people is excellent, the woods abound with game and the streams and lakes with fish. In short, this portion of Michigan is really a paradise for frontier life, for though really in the forest, we are in immediate communication with the third city by rail and wire, and have, therefore, most of the advantages of the older portions of the State.

Money is plenty, wages are high, and all can have work that wait it, or one of "Uncle Sam's" 400-acre farms for the taking, as secured to every freeman by the action of the Republican party. The above extract was published in the Detroit Post and Tribune of the 25th inst., and will be endorsed by all our local readers.

### WHAT A FARMER SAYS.

One of the prominent farmers of Billington said to us the other day:

"Why, a farmer who votes for free trade is a fool! We had several years of it, I remember, under Pierce and Buchanan, when men could be hired for 35 and 50 cents a day, and glad to get work at that. Farm products wouldn't pay for hauling to market, and you could obtain nothing but barters for them. There was no money in the country. Just look over our township. Every man in it who is well off has made his money during these years of protective tariff and Republican rule, and some of them are way up into the thousands. Tariff means good business and good prices. Free trade means depression and hard times. Tariff means good prices and a lively market for everything the market raises. Free trade offers no inducement to farmers or laboring men, or in fact to any class of people who live by actual labor. Free trade is all right for England, perhaps, for she is not an agricultural nation, but it is death for us in America. You may tell your readers this, for it is the gospel truth." —Caro Advertiser and Citizen.

### GOOD WORDS.

The lines for the battle of ballots in November are now formed entire and the preliminary arrangements for the engagement are now being made. The words of those in command cheering and encouraging are being heard on every hand. In this Congressional district the fight promises to be bitter with no prospect of either side yielding until defeat is forced upon them. The Republicans have a brave, true, capable and honorable leader, opposed by one whose reputation for unscrupulousness in politics is as wide as his acquaintance extends. It is well then for not only the subordinate officers to be watchful, but that every private should be on the alert to detect and defeat what is now known as Maxwellian methods. There can be no question as to which man is the best fitted for the position to which he aspires. —H. H. Hatch is known for his probity and the conscientious discharge of every public duty. Let the Republican forces then stand as a rock in their support and rally to their standard every doubting, hesitating voter in the district, refusing to listen to the voice of any siren that may tempt from duty. —Alpena Reporter.
